WELCOME

Kids With Courage Foundation is pleased to give scholarships to young people with Type 1 diabetes. The Type 1 Champions Scholarship program has been created to help students realize their college dreams. Today's economy is tough enough on young people and families. Add in the need for a lifetime of good medical care and expensive medications to stay alive and it is especially challenging to save for college.

Character. Hard work. Perseverance. Love of learning. These are the attributes that the Type 1 Champions Scholarship Program rewards. We invite high school seniors or college students with Type 1 diabetes who meet the eligibility requirements listed below to apply for a Type 1 Champions Scholarship.

ABOUT THE TYPE 1 CHAMPIONS SCHOLARSHIP PROGRAM

The Type 1 Champions Scholarship Program helps outstanding and deserving students attend college.

Scholarships will recognize worthy students and will be based on several criteria. Ultimately, the awards will go to the students who:

- Have a strong desire for and are making a commitment to their education
- Honor the beliefs of our vision for the children and young people we serve--a culture of engaged young people who just happen to have Type 1 diabetes and have decided not to let Type 1 get in their way as evidenced through every day conduct and character, leading by example with contributions to school and community.
- Character matters. Kindness. Goodness. Respect. Empathy. Toward fellow classmates, teachers, staff, family and friends.
- Activities and grades will be considered as well as their engagement in a healthy self management of their Type 1 diabetes.
- Candidates are not required to demonstrate financial need.

Scholarships can be used at any college or university in the United States.

For the 2019-2020 academic year, at least three (3) educational scholarships will be available for Kansas and Missouri students who battle Type 1 diabetes to apply for.

The Barry Dan Harsh Memorial Scholarship: SPIRIT \$2,500

The Barry Dan Harsh Memorial Scholarship: HEART \$1,000

Barry Dan Harsh was a longtime friend to the Kids With Courage Foundation. Barry was not a man of riches but Barry found joy in making sure that Kids With Courage had funds so we could continue on with our important work until his passing in 2015. Since then, Barry's amazing mother Mattie Ellen Harsh carried on Barry's tradition and continues to support our work in many ways. Mary Ellen honors Barry's selflessness and life by gifting Educational Scholarships. Barry's caring nature showed as he took the time to learn about Kids With Courage, the work we do, and the children and families we serve. Barry took action to help us do that work. Through these scholarships, Barry's incredible spirit will live on as he continues to make a difference bringing encouragement, hope, strength and education into the heart and lives of our incredibly brave Type 1 students.

'Getting Back Up Again' Scholarship \$1,000

Dan Lickel of Lickel Architecture along with his amazing family and staff are champions of our work. It is important for us to honor people who care about our children and young people battling Type 1, as they have had an important impact in their lives as well as ours. Knowing that Mr. Lickel's greatest strength is "Getting Back Up Again", and how that strength is parallel to the daily struggles of our kids, the scholarship name seems incredibly fitting. Preference will be given to a student who is attending Kansas State University, Manhattan, KS

The Courage Champion Scholarship \$1,000

A courage champion is an attitude, really. A fighting spirit, a special brand of courage...like no other. Our champions face life head on--they battle, they persevere, they overcome. They don't know easy, but make no excuses. Being different makes them stronger, setting examples for and being an inspiration to all! And, as with all real Champions, they are humble...just doing what they need to do.

Rather than delay monetary awards while we took the time needed to develop what we need administratively, figuring out data storage, securing information or worrying about hackers, helping the students sooner was determined to be the better option.

Only one application is required (annually) to be considered for any of the scholarships we award.

ABOUT KIDS WITH COURAGE

Kids With Courage, a 501 (c) (3) public charity, is dedicated to providing opportunities that encourage, educate and create positive outcomes in the lives of children, young people and families whose life long journey includes battling Type 1 diabetes.

WHY SCHOLARSHIPS

The need for scholarships for students battling Type 1 diabetes is huge. A lifetime of expensive daily medications and quality healthcare doesn't afford families many dollars to go into college savings accounts.

DONORS

Our work at the Kids With Courage Foundation continues because of the amazing spirits of our kids with Type 1 diabetes who are challenged and must fight daily to live. Our doors stay open because of the big hearts of our donors. Without donations from caring individuals, businesses and corporations all of our good work would stop. We are proud to have amazing donors join us and walk this chosen path of shared optimism, inner strength and empowerment--it is at the very heart and foundation of Kids With Courage and this T1 journey. For more information about Scholarships, other programs, or how to support the Foundation, please visit www.kidswithcourage.org, call 816.478.0253 or email us at courage@kidswithcourage.org to learn about how to make a direct and important difference in the lives of the brave children and young people battling Type 1 diabetes.
